"PURA VIDA" TRIP EXTENSION

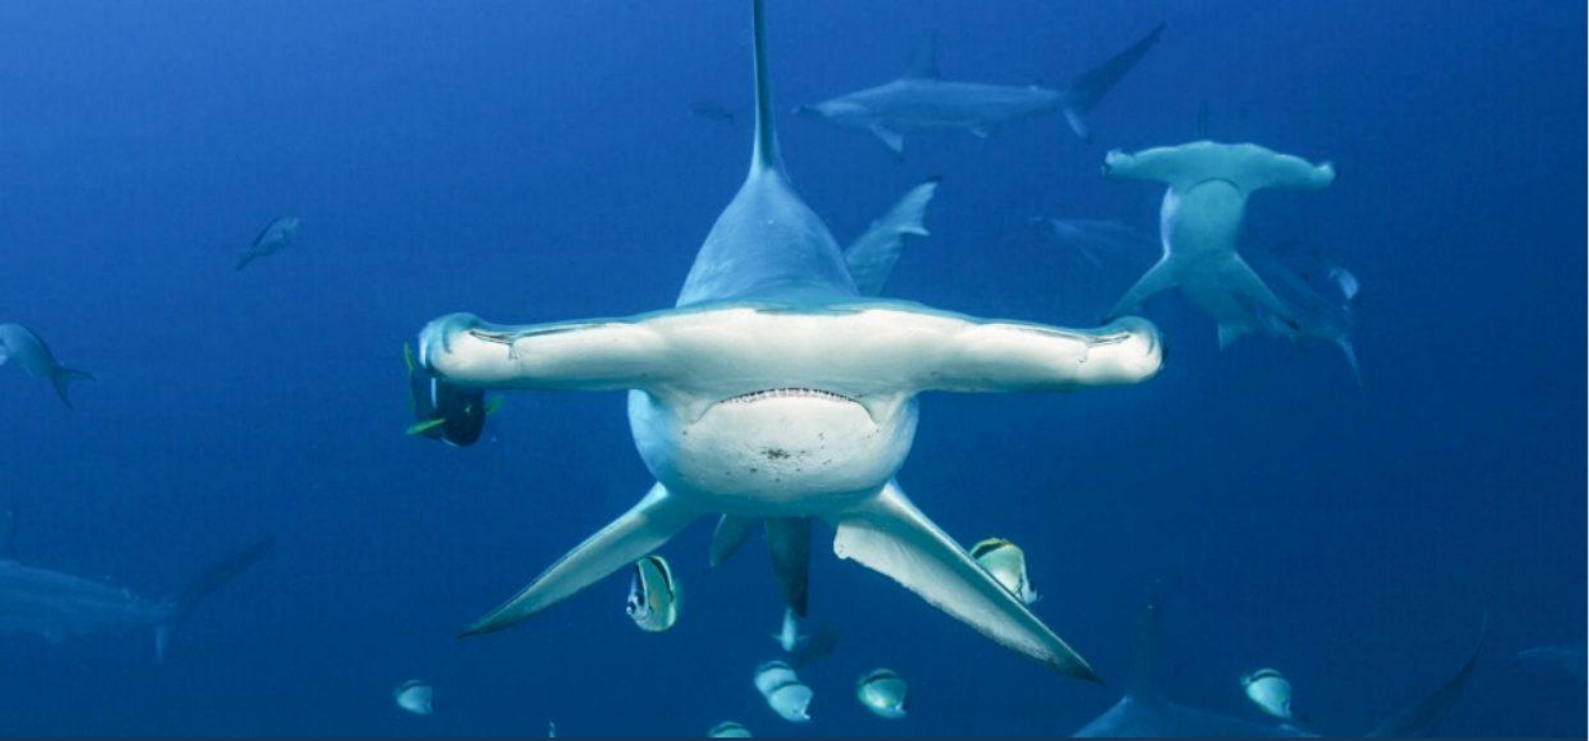

May 20 - May 25, 2027

06 Dives (Papagayo Gulf, Catalina Islands, Bat Islands)

04 Nights in Playas del Coco

01 Night in Tamarindo

Beach tour, party boat and many more moments!

Cocos Island

"The most beautiful island in the world"

Jacques Cousteau

More than 500 km offshore, in the middle of the Pacific, there is a place with no resorts, no signal, no comfort zones.

Only ocean. Jungle. Raw wildlife.

Cocos Island is considered one of the most legendary advanced diving destinations on Earth.

Hammerhead sharks in formation. Giant mantas. Massive schools of jacks and tuna. White tip reef sharks everywhere. Pelagic action in every direction.

This is not a dive trip.

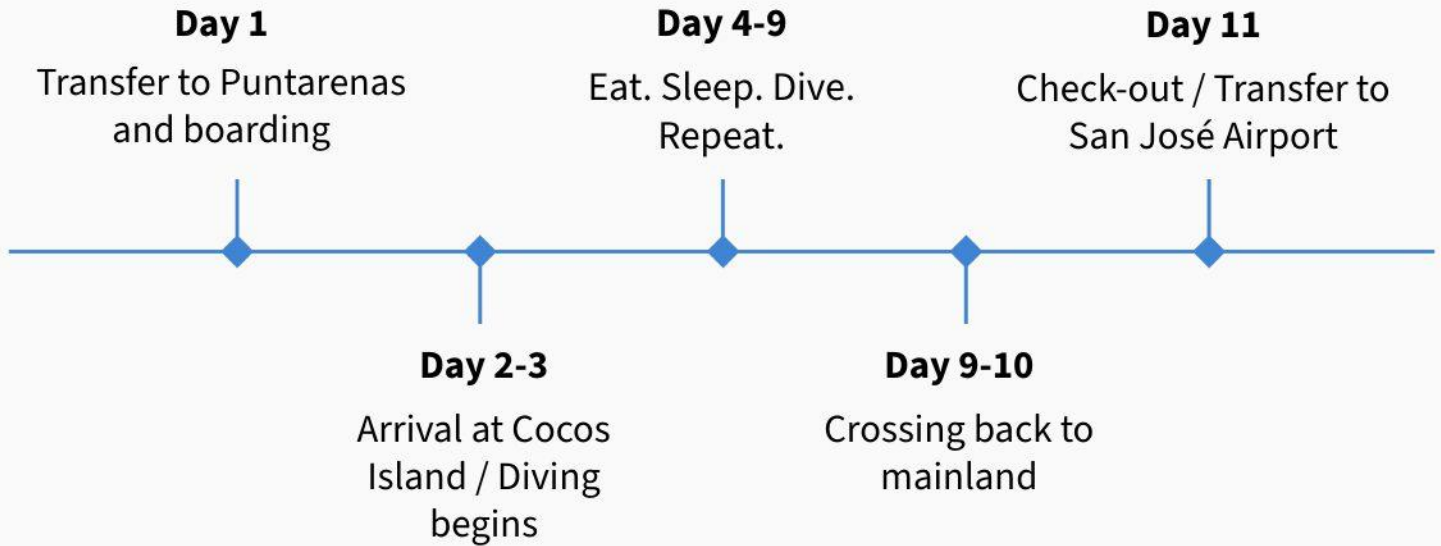

This is a real expedition.

For nine journeys now, this experience has transformed us from a group of divers into a community. Cocos isn't just about sharks and mantas — it's about who you share the experience with.

Life & Dive and Carlu are not inviting you on a vacation. They're inviting you to be part of something unforgettable.

ITINERARY

Throughout the expedition, we will circle the island exploring different dive sites, where every dive brings new surprises and pelagic encounters.

Strong currents, dramatic volcanic formations, and life-filled waters create the perfect stage to witness mantas, sharks, rays, and massive schools of fish in action.

Each day is a new underwater adventure, blending exploration, adrenaline, and unforgettable moments in one of the wildest destinations in the Pacific.

THE VESSEL

The Okeanos Aggressor II

The Okeanos Aggressor II is a 36.6-meter liveaboard yacht, designed to deliver comfort, safety, and stability in open ocean conditions.

More than just a vessel, it becomes our operational base during the Cocos Island expedition, allowing us to dive and operate in one of the most demanding marine environments on the planet.

It features a spacious dive deck and dedicated skiffs that provide fast, organized access to dive sites around the island. Onboard, comfortable common areas — including an indoor lounge and an outdoor sun deck — offer the perfect space to relax, recharge, and share stories after each dive.

The vessel is operated by a highly experienced Costa Rican crew with deep knowledge of Cocos Island's currents, procedures, and unique conditions.

More than luxury, the Okeanos Aggressor II delivers reliability, professionalism, and a true expedition-level experience.

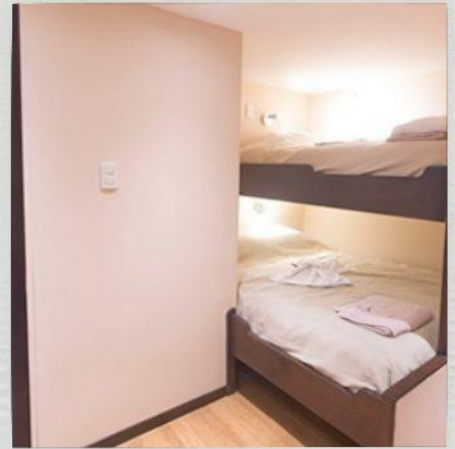

Rooms

Suite

120 days or less before the expedition start date, a penalty equal to 100% of the total trip price will be applied.

There will be no refund of any kind for cancellations once the trip has started..

Extension "Pura Vida"

Before the intensity of Cocos Island, we will ease into vacation mode with a land-based experience.

This extension with Life & Dive, Gio and Luka's dive center, is an invitation to experience and discover Costa Rica.

Here the scenery changes, but not the spirit. We continue exploring this wonderful country from within, combining bull shark diving, possible manta encounters, and the wild energy of the Pacific with days of adventure out of the water: beaches, tropical wildlife, living jungle, and nights to celebrate what we've experienced.

This is not a typical extension, it is being "PURA VIDA."

It is the perfect balance between ocean and land, adrenaline and connection, nature and community.

Costa Rica is not visited.

It is lived.
